## Actions

### Planning & Management of Assessment Processes

#### 1. Develop a Training and Assessment Strategy (TAS) for each program offered

	<b>ACTIVITY</b>	<b>RESPONSIBILITY</b>	<b>STEPS</b>
1	Develop a Training and Assessment Strategy - TAS (Part A) that instructs the reader of minimum training and assessment requirements to facilitate a qualification/program	Curriculum Quality Leader/ Program Manager	<p>Develop a TAS for each qualification/program on scope.</p> <p>To complete a training and assessment strategy:</p> <ol style="list-style-type: none"> <li>1. Document the amount and nature of training and assessment required for the learner to gain the competencies as specified in the relevant Training Package or VET accredited course.</li> <li>2. Identify the assessment process and the assessment tool(s) and activities that will be employed.</li> </ol>
2.	Address any reasonable adjustments requirements for assessments	Curriculum Quality Leader/ Program Manager	<ol style="list-style-type: none"> <li>1. Clearly state in the documentation that reasonable adjustments can be made in terms of the way in which evidence of performance is gathered, however, the evidence criteria</li> </ol>

			<p>for making competent/ not yet competent decisions (and/or awarding grades) must not be altered in anyway.</p> <p>2. Develop the TAS to clearly identify in accordance with the principles of assessment, any adjustments that may be made to the way in which evidence of student performance can be collected for individuals or groups with special needs.</p>
3.	Allocate appropriately qualified Trainers/Assessors to units within the program	Curriculum Quality Leader/ Program Manager	<p>1. Identify the staff delivering and assessing the University's VET and VCE Vocational Major programs and courses on each TAS and ensure they meet the requirements as outlined in the <a href="#">VET Teacher Qualifications and Competency Procedure</a>. This policy applies to FedUni employees and staff delivering under auspice arrangements.</p>
4.	Provide Trainer/Assessors with information and professional development to understand the VET assessment system.	Program Manager	<p>1. Ensure trainers, workplace supervisors, assessors and others involved with assessment are aware of their roles and responsibilities through induction and a working knowledge of the VET Assessment Policy <a href="#">VET Assessment Procedure</a> and the VET Teaching Staff Manual.</p>

## 2. Design and Develop assessment tools

Industry has been consulted in the development of assessment tools to ensure the assessment is relevant and reflects current industry best practice.</li> <li>d. The assessment activities meet the unit/s of competency requirements and are appropriate for the level of expected outcomes meeting the learners needs;</li> <li>e. Assessment activities are planned to capture student progression points at suitable times throughout the competency and can</li> </ol> </li> </ol>

			<p>be mapped to the TAS Part B Delivery plan timeframes of where and when assessment should occur.</p> <ul style="list-style-type: none"> <li>f. All personnel, such as workplace supervisors and assessors involved in the assessment are aware of their roles and responsibilities;</li> <li>g. Any reasonable adjustment or specialist support required is in place;</li> <li>h. Documentation design will support assessing learners as being either "Satisfactory" (S) or "Not Yet Satisfactory" (NS) at individual task level and "Competent" (CY) or "Not Yet Competent" (CN) at unit/course level (unless Graded Assessment applies); and</li> <li>i. Ensure tools are included on the Schedule for Validation</li> </ul> <p>For more information on Graded assessment refer to section 8 of this procedure.</p>

The instructions for the assessor and the candidate clearly communicate the context and conditions of assessment.</li> <li>c. The instructions for the tasks to be administered are clear and outline evidence requirements.</li> <li>d. The assessment decision making rules and benchmarks are clear and enable consistent outcomes</li> <li>e. The recording mechanisms are clear and allow for sufficient information to be recorded</li> <li>f. The mapping of the assessment clearly demonstrates the validity of the assessment tasks.</li> </ol> </li> </ol>

## 3. Validation of Assessment tools

	ACTIVITY	RESPONSIBILITY	STEPS
1.	Develop a Validation Schedule that includes a clear plan to validate all assessment tools for all qualifications currently listed on the University's Scope of Registration.	Centre, Learner Excellence/ Program Manager	<p>Planning for validation of assessment tools must ensure the following criteria are addressed:</p> <ol style="list-style-type: none"> <li>That all training products that have a Training and Assessment Strategy (TAS) and are listed on the University's Scope of Registration must be validated at least once within a five year cycle.</li> <li>That a schedule is developed prior to the commencement of each five year cycle that provides the following details: <ol style="list-style-type: none"> <li>who will lead and participate in the validation activities</li> <li>which training products will be the focus of the validation</li> <li>when assessment validation will occur</li> <li>how and when the outcomes of those activities will be actioned</li> <li>who will be responsible for any actions</li> <li>how documenting actions as part of the continuous improvement process will be captured.</li> </ol> </li> </ol>
2	Appoint Validation Panel members	Lead Validator/Panel members	<p>A Validation Panel will consist of panel members and a Lead Validator who will conduct Validation as directed by the Validation Schedule.</p> <ol style="list-style-type: none"> <li>The Lead Validator or their delegate will make arrangements for the various validation panel meetings. <ol style="list-style-type: none"> <li>Panel members should be contacted with the details of the meeting, which would include: the date, the venue, the qualification and unit being validated.</li> </ol> </li> </ol>

			<p>2. The Lead Validator will chair the validation session and ensure that the Validation of Assessment Record is completed fully by each panel member.</p> <p>3. Ensure at least 50% of all training products listed on the University's Scope of Registration are validated within the first three years of the five year cycle, recorded in the <a href="#">VET Validation of Assessment Record</a> and stored in the University approved storage system. High risk qualifications and units of competency must be given priority for validation and validated more frequently.</p> <p>2. If the training product is a full qualification (eg. Certificate, Diploma) then either two units of competency or 10 per cent of units within the qualification, whichever is greater, must be validated. If the training product is a stand-alone unit, then that unit must be validated at least once within the five year cycle</p> <p>3. Validation should be scheduled for each Training Product within each operational area.</p> <p>4. Conduct Validation ensuring that the Panel adheres to the following:</p> <p>a. ensure that assessment tools will provide robust assessment practice that is valid, reliable, sufficient, current and authentic</p> <p>b. that assessment tools enable reasonable judgements to be made when appropriate to</p>

			<p>ensure the requirements of the training package or VET accredited courses are met.</p> <ol style="list-style-type: none"> <li>5. ## 9. Approval Process for Graded Assessment

Graded Assessment enables competency based assessment (CY/CN) to include Competent with Credit (CC), Competent with Distinction (CD) and Competent with High Distinction (CHD). Graded Assessment is the process of awarding the learner a grade based on a higher level of performance once competency has been achieved.

Graded Assessment can only be applied to units and programs that have been formally approved through Academic Board. This must be done prior to learners being offered graded assessment.

The grading approach used in this procedure provides ways to assign grades above CY (Competent Yes). This is appropriate for qualifications at Certificate IV and above.

	ACTIVITY	RESPONSIBILITY	STEPS
1	Determine if Graded Assessment is appropriate	Program Manager	<ol style="list-style-type: none"> <li>1. Identify graded assessment as a priority for pathways to higher education and/or employment;</li> <li>2. Develop graded assessment criteria using the Generic Grading Criteria Form;</li> <li>3. Complete and submit application for approval through the application process through Faculty Board, VET Curriculum and</li> </ol>

			<p>Quality Committee and Academic Board; and</p> <p>4. Ensure that Grading Category 1 for the nominated Program/ Units are allocated in the Student Management System in consultation with Programs Management.</p> <p><a href="#">Graded Assessment in VET Application form</a></p>
2	Design Graded Assessment activities	Trainer/Assessor	<p>The Trainer/Assessor creates assessment tasks that allow learners to demonstrate performance from 'competent' (CY) through to 'competent with distinction' (CD).</p> <p>Ensure assessments are constructed to allow specific evidence of deeper and more extensive skills, knowledge and understanding than is required to demonstrate a CY level of competency.</p>
3	Rubric Development	<p>Program Manager</p> <p>Trainer/Assessor</p>	<p>Rubrics containing descriptors for CY, CM and CD levels are required to communicate expectations of performance at different grade levels.</p> <p>For more information refer to the <a href="#">marking criteria – Rubrics information</a></p>
