## Purpose

The University aims to be a first-choice employer and destination for students in each of our communities we serve, embedding a values driven and talent-focused culture, ensuring contribution and commitment to the candidate and employee experience.

Our recruitment and appointment decisions are aligned to the strategic goals and priorities of the University. They will support our values of inclusion, innovation, excellence, empowerment and collaboration as outlined in Federation's Living Values Charter. As Australia's leading regional University, we will recruit and appoint talented people who will continue to transform lives and enhance communities; ensuring a strong and sustainable university for all.

Appointments are made on the principles of merit and achievement relative to opportunity, ensuring adherence to equity and equal opportunity employment.

Academic and Research leadership appointments support the leadership and academic development of an Institute or Centre/Group through the management of academic, research, leadership and administrative responsibilities.

The purpose of this procedure is to outline the appointment process of an internal appointee to an academic leadership position. In the event an external candidate is identified for Academic and Research Leadership, the continuing and fixed-term recruitment and appointment procedure must be adhered to.

## Scope

This procedure applies to the appointment of continuing and fixed-term academic and research leadership staff at our campuses, sites, and centres of the University.

## Actions

## Conflict of interest within a recruitment process

A conflict of interest occurs where a person's personal interest could improperly influence, or may appear to improperly influence them when making a work-related decision/s as outlined in the University's [Managing Conflicts of Interest Procedure](#).

A conflict of interest exists whether it is:

- actual, it currently exists;
- potential, it may arise, given the circumstances; or
- perceived, members of the public could reasonably form the view that a conflict exists, or could arise, that may improperly influence the performance of their duties to the University, now or in the future.

Where an actual, potential, or perceived conflict of interest occurs within the Recruitment and Appointment process, the following steps must be undertaken.

### Committee Members

Where a potential conflict of interest exists (or may exist at some time in the future) the committee member must declare that conflict of interest in writing to the Chair of Committee.

It is at the discretion of the Chair of Committee, in accordance with relevant policies and procedures, to determine if the disclosure may impede the committee member's impartial decision making and advise People and Culture of the declaration.

### Chair of Committee

Where a potential conflict of interest exists (or may exist at some time in the future) the committee member must declare that conflict of interest in writing to the Director, People and Culture.

It is at the discretion of the Director, People and Culture, in accordance with relevant policies and procedures, to determine if the disclosure may impede the Chair of Committee's impartial decision making.

The University is committed to ensure that no undue advantage or disadvantage occurs as a result of the existence of a personal relationship. Staff members should access the Staff Code of Conduct Policy for further information.

In the event that a potential conflict of interest has been disclosed and that disclosure is not considered a conflict by the delegated approver, upon deliberation at shortlisting and after interviews, the committee member will be the last person to provide their preferences, and must also be disclosed on the selection committee report.

## Identification of requirement for an academic leadership position

The Dean/Executive Dean, in consultation with the Deputy Vice-Chancellor Academic and/or Deputy Vice-Chancellor (Research and Innovation) and the Institute/Centre leadership team (where relevant), will determine the requirement for the following academic and research leadership positions, within the portfolio:

## Recommendation and approval of appointment

Generally, existing staff will be appointed to an academic or research leadership position. Recommended appointees must be able to demonstrate alignment and commitment to the University's Living Values Charter, and the duties and responsibilities of the relevant position description.

Where more than one existing staff member is identified, the Dean/Executive Dean/Associate Deputy Vice-Chancellor may compile a Selection Committee, with the composition of the panel to be approved by the Deputy Vice-Chancellor Academic and/or Deputy Vice-Chancellor (Research and Innovation) or nominee.

Where a Dean/Executive Dean/Associate Deputy Vice-Chancellor determines there are no suitable internal candidates for the appointment, the Dean/Executive Dean may commence an external process in accordance with the continuing and fixed-term appointment procedure.
