Recipients must return a signed Acceptance of Offer attached to the letter by the date specified and be enrolled for payments to commence.

Where a recipient receives a Conditional Offer of Scholarship all conditions outlined in the letter of offer must be met before the scholarship can be formally awarded to the recipient. Where conditions are not met, or not met within the required time period, the offer of scholarship will be rescinded.

Rescinding a scholarship offer

Where an applicant has accepted an offer of scholarship but fails to take up their place within three months, unless otherwise approved, their offer of scholarship will be rescinded. Scholarships offers cannot be deferred unless

approved by the delegated officer responsible for the funding. Where a request is received to defer an industry scholarship, the University delegated officer and the Industry Partner must approve the request.

Extensions to Scholarships

Requests for extensions to stipends must be submitted at least four weeks prior to the current scholarship end date on the [Extension to Candidature/Scholarship Form](#) and are normally submitted with an extension to candidature. Where requests are not submitted with at least four weeks' notice, approved scholarship payments may be delayed.

Extensions to RTP Stipend scholarships

Candidates in receipt of an RTP Stipend may apply for one six-month EFTSL extension to scholarship. Extensions are not guaranteed and will only be granted where exceptional circumstances can be demonstrated.

Extensions to externally sponsored and project specific stipend scholarships

Availability of extensions for candidates in receipt of an external, industry or project-based scholarship will be outlined in their Offer of Scholarship or Offer of Admission to Candidature. Where a request for an extension is permitted, extensions are not guaranteed and will only be granted where exceptional circumstances can be demonstrated. Where the research funding contract does not include an extension to scholarship but an extension to scholarship is supported by the supervisory team, a variation to contract must be sought and approved for an extension to be granted. If a variation to contract is not approved, an extension to scholarship will not be granted.

Extensions to international tuition fee scholarships

Candidates who hold an international tuition fee scholarship may apply for an extension to their tuition fee scholarship via the Extension to Candidature / Scholarship Form. Requests may only be granted where candidates have demonstrated continued progress.

			Where an extension to an externally funded scholarship is outside of conditions of the original scholarship agreement, a variation to the research contract must be sought. The CI should first make an informal enquiry to the external funder to ascertain whether such a variation will be considered.
