Purpose

To provide a Procedure for onshore international students and University and Partner Provider staff in relation to applications by students to transfer their full course enrolment between University's teaching locations.

Students applying to change registered CRICOS providers (to a non University partner provider) should refer to the Transfer between Registered Providers Procedure.

Scope

This Procedure relates to all international students that have been issued with a Confirmation of Enrolment (CoE) to study at the University. This is irrespective of where the course/qualification is delivered onshore.

Legislative Context

University	Federation University
VET	Vocational Education and Training
Working Day	Monday to Friday excluding public holidays.

Criteria for Applications

The University is entitled to determine the circumstances in which it may allow a student to transfer between teaching locations. Where a student requests a transfer to another teaching location the University or its nominated officer will assess the request for transfer against this procedure:

1. Students must co-operate with the University staff member or its nominated officers and attend any interviews or other appointments scheduled for them in respect to the application. If required, the meeting between the student and staff member is to be held within three days of student lodging the application so as to not delay the student's transfer if approved.
2. Applying to Transfer Between Teaching Locations does not preclude students from the requirement to enrol on time. Non enrolment will not result in a Transfer Between Teaching Locations application being approved; it will result in the student being reported to Immigration via PRISMS for failing to enrol. Students applying to transfer to a new teaching location **must complete** the Application to Transfer Between Teaching Locations form. **Do not complete** the Application to Withdraw from All Studies form.
3. There can be no outstanding fees remaining on the student's account. All outstanding debts must be cleared from the student's account prior to application to transfer is submitted.

4. Students to successfully apply to transfer to another Teaching Location, must demonstrate compassionate and/or compelling circumstances justifying the transfer. (Refer: Definitions)
5. Compassionate and/or compelling circumstances may be demonstrated by providing sufficient specific detailed information with relevant supporting documentation to support the Application.

The University will not approve of a transfer where:

- The student is a commencing student at a Federation University campus; or
- The student has applied to transfer to a teaching location within the same city in Australia; or
- If requested the student has not met with a staff member at the Current Teaching Location (academic or course co-ordinator, or student counsellor or equivalent) to discuss their application; or
- The documents provided by the student do not, in the view of the University's or its nominated officer's view provide adequate grounds to justify the transfer.

A student who is applying to transfer to a new teaching location due to a required units in their course/qualification not being offered at their current teaching location should apply for a cross provider enrolment; not a change to their teaching location. If a required unit is not being offered at any teaching locations, the student may apply for cross institutional enrolment at another higher education provider in Australia.
