Purpose

The purpose of this Procedure and linked Guidelines is to outline processes students can access to reduce the impact on their studies of factors and events that may disadvantage them. This procedure supports and mandates the implementation of Federation University Australia's [Students and Support for Students Policy](#). It expands on the principles outlined in the policy as they relate to special consideration and provides guidance on processing and granting special consideration to eligible students.

Special consideration is designed to address short-term, unexpected circumstances impacting student's studies. For ongoing or permanent conditions, including a medical condition or caring for someone with a disability, students should make an appointment with Accessibility Services to learn about available support options. [Accessibility Services](#) provides assistance for students with ongoing medical, physical or mental health needs.

Scope

This procedure applies to all students enrolled in undergraduate and coursework postgraduate courses, seeking special consideration. Higher Degree by Research students are excluded from this procedure and should refer to the HDR Examinations procedure. **Students studying at our offshore Partner locations only:** note that the submission of a Special Consideration application differs at these locations. Information on the process for these locations is provided in the Procedure.
